

Gas Meters: Diaphragm, Turbine, Ultrasonic & RPM Rotary
 Gas Regulators: Commercial, Industrial, Residential

Roots Rotary Gas Meters
 for Commercial & Industrial Gas Applications

Flow Meters for Gas and Water: Vortex, Ultrasonic,
 Turbine & Variable Area

MERCURY INSTRUMENTS

Electronic Volume Correctors
 for Measuring & Monitoring Gas Volume & Flow

Water Meters, Automated Meter Reading Systems:
 Fixed Network (AMI) or Mobile (AMR)

Flow Meters: Magnetic, Ultrasonic & Variable Area

Mechanical and Mass Flow Meters for Process
 Control, Batching & Blending

Industrial Flow Meters: Turbine & Oval Gear
 for Complete Metering Systems

Instrumentation: Pressure Gauges, Thermometers,
 Pressure and Temperature Transmitters

Pressure & Temperature Calibration Instruments

Instrumentation for Process, Monitoring & Control
 Level Gages, Gage Valves, Jet Pumps

Solar Remote Power Source,
 Wireless Connectivity Solutions

Earthquake-Actuated Automatic Gas Shut-Off Valve

Measurement Control Systems

Complete Service Department: In Shop or Field Service Available

Licensed by California Division of Weights & Measures

Licensed California Contractor #702526

INDUSTRIAL SERVICES

- Liquid, Gas and Steam Meter Installation
- Meter Testing, Calibration, Repair & AQMD Certification
- Instrumentation Testing, Calibration & Installation
- Fabrication of Custom Electronics; Batching & Blending Systems, Filling Equipment, Remote Monitoring
- Large Meter/Vault Installation & Rehab
- Backflow Test & Repair
- Submetering Installation

Offices:

1331 S. Lyon Street, Santa Ana, CA 92705 | 4000 Alvis Court, Rocklin, CA 95677
